

CCS Newsletter: April 2022

Keeping you informed of what's happened and what's upcoming in our Early Years

MARCH REVIEW

Spring is Here!

We've continued learning all about farms and farm animals throughout March, and linked our learning to the theme of Spring time!

➤ Visit to Grimsbury Farm

We had a fabulous day out at the farm! It was lovely for the children to see the animals up close and to also see some of new arrivals. The children were incredibly well behaved – true ambassadors for our Early Years.

➤ Science Week

We took part in the British Science Week and completed some pretty cool experiments – Skittle colour mixing and bean planting. Both had the children in awe! The children now regularly check the beans to see how much they have grown.

➤ Food, Glorious Food!

This month, we also celebrated all the wonderful mums with a delicious Mother's Day lunch.

The children have been really interested in picnics and have been setting up their own in all different ways and places.

We have been encouraging the children to try new foods at snack time. – making pictures with the food has helped!

Open Days: 27th and 28th April – spread the word!
